

SIR WILLIAM LEISHMAN

(1865 - 1926)

A BIBLIOGRAPHY

Compiled by M. DAVIES

Librarian, Royal Army Medical College

ANY additions or amendments to this list would be gratefully acknowledged. They may be addressed to either the College Librarian or the Editor of this Journal, at the Royal Army Medical College, Millbank, London, S.W.1.

- 1 1900 (With WRIGHT, A. E.) Remarks on the results which have been obtained by the anti-typhoid inoculations and on the methods which have been employed in the preparation of the vaccine. *Brit. med. J.* 1 122-129.
- 2 1901 The application of Romanowsky's stain in malaria (with colour plate). *Brit. med. J.* 1 635-637.
- 3 1901 Note on a simple and rapid method of producing Romanowsky staining in malarial and other blood films. *Brit. med. J.* 2 757-758.
- 4 1902 Note on a method of quantitatively estimating the phagocytic power of the leucocytes of the blood. *Brit. med. J.* 1 73-75.
- 5 1902 (With BIRT, C.) A new acid-fast *Streptothrix*, pathogenic to man and animals. *J. Hyg. (Lond.)* 2 120-128 (with plate).
- 6 1903 On the possibility of the occurrence of Trypanosomiasis in India. *Brit. med. J.* 1 1252.
- 7 1903 On the possibility of the occurrence of Trypanosomiasis in India. *Brit. med. J.* 2 1376.
- 8 1904 Note on the nature of the parasitic bodies found in tropical splenomegaly. *Brit. med. J.* 1 303.
- 9 1904 (With MATHIAS, H. B.) A Case of dum-dum fever. *J. roy. Army med. Cps.* 2 303-312.
- 10 1904 Dum-Dum fever ? Kala-azar ? Non-malarial remittent fever (a letter). *J. roy. Army med. Cps.* 2 623.
- 11 1904 Notes on Romanowsky staining, *J. roy. Army med. Cps.* 2 669-680.
- 12 1904 A Method of producing chromatin staining in sections. *J. Hyg. (Lond.)* 4 434.
- 13 1904 The nature and significance of the Leishman-Donovan body. *J. Trop. med. Hyg.* 7 258.
- 14 1904 (With TULLOCH, F.) An alternative solvent for Leishman's Stain (Note by W.B.L.). *J. roy. Army med. Cps.* 3 166-167.
- 15 1904 Notes upon the further investigation of the parasites of Kala-azar and Delhi boil. *J. roy. Army med. Cps.* 3 287-292.
- 16 1904 The parasites of Kala-azar and the Delhi boil (letter-correcting No. 15). *J. roy. Army med. Cps.* 3 458.
- 17 1904 Discussion on the Leishman-Donovan Body. *Brit. med. J.* 2 642.
- 18 1905 (With STATHAM, J. C. B.) The development of the Leishman body in cultivation. *J. roy. Army med. Cps.* 4 327-334.
- 19 1905 *Report on the blood changes following typhoid inoculation.* London: Harrison.
- 20 1905 The blood changes following typhoid inoculation (from no. 50). *J. roy. Army med. Cps.* 5 1-54.
- 21 1905 (With HARRISON, W. S. *et al.*) An investigation upon the blood changes following anti-typhoid inoculation. *J. Hyg. (Lond.)* 5 380-427.
- 22 1905 Some experiments in connection with stimulins. *Trans. Path. Soc. Lond.* 56 344-355.
- 23 1906 Pathogenic spirochaetae. *J. Prev. Med. Lond.* 14 513-521.
- 24 1907 Account of the progress of anti-typhoid inoculation in the Army and The Spirochaetae of Relapsing Fever and Tick Fever (report of a meeting of the Pathological Society of London). *Lancet* 1 806-807.
- 25 1907 The progress of anti-typhoid inoculations in the Army. *J. roy. Army med. Cps.* 8 463-471.
- 26 1907 Royal Army Medical College. An Appeal (Letter asking for help in starting an entomology collection.) *J. roy. Army med. Cps.* 8 557-558.
- 27 1907 (With MELVILLE, G. H. & POLLOCK, C. E.) *Manual of venereal diseases.* London: Hodder & Stoughton.
- 28 1907 Kala-azar. In Allbutt & Rolleston's *System of Medicine.* 2nd ed. London, 2 ii 226.
- 29 1908 The International Congress of Hygiene, Berlin, September, 1907. *J. roy. Army med. Cps.* 10 238-256 and 393-411.
- 30 1908 (With HARRISON, W. S. *et al.*) Report on further experiments in connection with anti-typhoid inoculation (continued from no. 25). *J. roy. Army med. Cps.* 10 583-601.

- 31 1908 Anti-typhoid inoculation in the British Army. *Milit. Surg.* 22 421.
- 32 1908 (With HARRISON, W. S. *et al.*) Third report on experiments with anti-typhoid vaccine (continued from no. 30) *J. roy. Army med. Cps.* 11 327-350.
- 33 1909 Preliminary note on experiments in connection with the transmission of tick fever. *J. roy. Army med. Cps.* 12 123-135.
- 34 1909 (SMALLMAN, A. B.) Preliminary note on the use of anti-typhoid vaccine in the treatment of Enteric Fever (Note by Leishman). *J. roy. Army med. Cps.* 12 136-145.
- 35 1909 Statistical table of the recent results of anti-typhoid inoculation. *J. roy. Army med. Cps.* 12 163-165.
- 36 1909-10 Observations on the mechanism of infection in tick fever and in the hereditary transmission of *Spirochaeta duttoni* in the tick (with plate and discussion). *Trans. roy. Soc. Trop. Med. Hyg.* 3 77-106.
- 37 1910 *Also Lancet* 1 11-14 and *J. Trop. Med. Hyg.* 13 42.
- 38 1910 The Harben Lectures. Anti-typhoid inoculation. *J. roy. Inst. publ. Hlth.* 18 385, 449, 513.
- 39 1911 & 1912 A Critical review of Kala-azar and Tropical Sore (references with no 47). *J. roy. Army med Cps.* 17 567-580 18 1-20; 125-137.
- 40 1910 Some points concerning typhoid vaccine. *Practitioner* 85 288-290.
- 41 1912 The correction of errors of refraction for microscope work. *Brit. med. J.* 1 123.
- 42 1912 Anti-typhoid inoculation. *Med. Press.* 93 190.
- 43 1912 Cell-inclusion in the blood of a case of blackwater fever (with colour plate). *J. roy. Army med. Cps.* 18 493-504.
- 44 1912 Anti-typhoid inoculation. *Glas. med. J.*, 77 401.
- 45 1912 Cell-inclusion in the blood in blackwater fever (2nd Note). *J. roy. Army med. Cps.* 19 151-156 (with plate).
- 46 1912 *Also Trop. Dis. Bull.* 1 29 (Abst.)
- 47 1911-12 Kala-azar and Tropical Sore. *Quart. J. Med.* 5 109.
- 48 1912-13 The ætiology of blackwater fever. *Trans. roy. Soc. Trop. Med. Hyg.* 6 1.
- 49 1912 *Also Trop. Dis. Bull.* 1 256 (Abst.).
- 50 1913 Report to the Anti-Typhoid Committee (see no. 20) (24 Foreign Stations/971) London: H.M. Stationery Office, 1913.
- 51 1913 Relapsing fevers. *Trans. 17th int. Cong. Med., Sect. 21. Trop. Med. Hyg. Pt. 2* 282.
- 52 1914 *Also Trop. Dis. Bull.* 4 248 (Abst.).
- 53 1914 Typhoid inoculation. *Canad. Practit.* 39 213.
- 54 1914 Anti-typhoid inoculation. *J. roy. Army med. Cps.* 22 365.
- 55 1915 *Also Trop. Dis. Bull.* 6 21.
- 56 1914 *Also Can. Lancet.* 47 649.
- 57 1914 Typhoid inoculation. *Med. Mag. (Lond.)* 23 336.
- 58 1914 Anti-typhoid inoculation in Wartime (letters). *Lancet* 2 522 and 818.
- 59 1914 Protective inoculation of troops (anti-typhoid). *Brit. med. J.* 2 516.
- 60 1913-14 Anti-typhoid inoculation (letter). *Trans. int. Cong. med., Sect. 22 Nav. & Mil. med.* 52.
- 61 1914 (With WOODHEAD, S. *et al.*) Protective inoculation against typhoid fever. *Med. Offr.* 12 289.
- 62 1915 (With BURGHARD, F. F., SIR B. MOYNIHAN & SIR A. E. WRIGHT) Memorandum on the Treatment of the bacterial infections of projectile wounds. *Brit. Med. J.* 1 735-738.
- 63 1915 *Also Lancet* 1 873-876.
- 64 1915 (With BURGHARD, F. F. *et al.*) Memorandum on the treatment of the bacterial infections of projectile wounds. *Vet. J.* 71 302-314.
- 65 1917 (With SMALLMAN, A. B.) An analysis of recent cases of tetanus in the British Expeditionary Force, with special reference to their treatment by anti-toxin. *Lancet* 1 131-139.
- 66 1917 *Also J. roy. Army med. Cps.* 28 295-327.
- 67 1917 (With GOVAERTS, A. *et al.*) Etude des methodes de laboratoire de nature à renseigner la chirurgien 'au point, des interventions. *Arch. med. Pharm. milit.* 68 105.
- 68 1918 PERRY, H. M. Illustration of the agglutination methods of diagnosis in triple inoculated individuals, with a note by Sir William Leishman. *Lancet* 1 593-601.
- 69 1918 *Also Trop. Dis. Bull.* 12 397 (Abst.).
- 70 1918 A note on the "granule-clumps" found in *Ornithodoros moubata* and their relation to spirochaetes of African relapsing fever (Tick fever). *Ann. Inst. Pasteur* 32 49.
- 71 1918 *Also Trop. Dis. Bull.* 12 209 (Abst.).
- 72 1920 The results of protective inoculation against influenza in the Army at Home. 1918-1919. *Brit. med. J.* 1 214.
- 73 1920 *Also Lancet* 1 366-368.
- 74 1920 *Also Metchnikoff, E., Jubilee Memorial Volume.*
- 75 1920 On experimental investigation of *Spirochaeta duttoni*, the parasite of tick fever (Horace H. D. Dobell Lecture). *Lancet* 2 1237-1241.

- 76 1921 *Also Trop. Dis. Bull.* (Abst.) 371.
 77 1921 *and J. roy. Army med. Cps.* 36 161-186.
 78 1921 Enteric Fever in the British Expeditionary Force 1914-1918. *Glasg. med. J.* 95 81.
 79 1921 Enteric Fever in the British Expeditionary Force. *J. roy. Army med. Cps.* 37 1-22.
 80 1921 Les fièvres intestinales dans le corps expéditionnaire britannique. *Bull. off. int. Hyg. publ.* 13 945.
 81 1923 Chapter by Leishman on organization of the pathological service. History of the Great War—Medical Services—Pathology. London: H.M. Stationery Office p. 1.
 82 1923 Chapter by Leishman on the Enteric Fevers. *Ibid.* p. 211.
 83 1923-24 (With Sir A. E. WRIGHT, W. GORDON, A. P. BEDDARD, M. MCCASKIE & R. ARMSTRONG) Discussion on "The Uses and Limits of Vaccine Therapy." *Proc. roy. Soc. med.* 17 (Sect. med. Path. & Therapeutics).
 84 1924-25 The relation of pathology to preventive medicine. *J. roy. Sanit. inst.* 45 80.
 85 1925 Progress in Military Hygiene. *J. State med.* 33 351.
 86 1925 Research in the Medical Services. *J. roy. Army med. Cps.* 45 401-409.
 87 1925 *Also Lancet* 2 791-793.
 88 1925-26 *Also Proc. roy. Soc. med.* 45 81.
 89 1925 Health in the Tropics. The present and the future (Linacre Lecture 1925. St. John's College, Cambridge). *J. roy. Army med. Cps.* 45 81.
 90 Mounted water-colour sketches of *Plasmodium kochi* drawn by Brevet Colonel Sir William Leishman to illustrate a paper on "Monkey malaria" read to the Pathological Society (1914). (*Royal Army Medical College Library.*)
 91 Bound volume containing collected papers and notes of Sir William Leishman. (*Royal Army Medical College Library.*)

ENTERIC FEVERS.

	Pages
Letter from Lieut. H. G. Gibson, R.A.M.C., 31.1.1909 with seven charts	1-8
Anti-typhoid. Statistical work-test units	9-12
Abstract—Vaccination for typhoid fever by living sensibilised BT. Aug. 24th, 1912. W. B. Alcock, <i>Lancet</i>	13

YELLOW FEVER.

Yellow Fever Commission, West Africa	14-37
Personal Notes of Meetings, etc. (29.1.13-14.11.13)	
Y.F. Commission, Meeting of Sept. 17th 1913	38
Yellow Fever References	40-60
Abstracts, etc., on yellow fever	
Yellow Fever Commission (Y.F. 206)	
Temperature records of inoculated and normal guinea pigs	61-63
Guinea pigs from West Africa and sub-inoculated, Table I	64-71
Guinea pigs inoculated from Liverpool Strain, Table II	72-74
Series of guinea pigs inoculated from normal guinea pigs, Table III	75-79

TRYPANOSOMIASIS.

The suggested experiment of Game destruction in a localised area	80-87
Points for and against experiments from members' summaries	88-91

MALARIA AND BLACKWATER FEVER.

Abstract of Daederick: Practical Study of Malaria, Northagel's System, etc.	92-106
Further Abstracts (Four sheets of mounted water-colour drawings of Malaria parasites, together with a note on "Monkey Malaria," are contained in a pocket at the back of this volume)	107-114

KALA-AZAR.

Letter R. Ross to W.B.L. 6.10.1903	115
" " " " 10.10.1903	116
" " " " undated	117
" " " " 16.1.1904	118
" " " " 15.1.1904	119
Notes on research on Kala-azar by Major H. E. Shortt, IMS.	
Suggestions for investigation into Kala-azar, initialled "D.H. 27.11.24" (? Major-General D. Harvey); and tag in W.B.L.'s handwriting	120-121
Progress report 19th April, 1926. W. S. Patton to Dr. Towle	122-126
Duplicated letter, with enclosure, from H. H. Dale, Secretary of the Royal Society, 1 June 1926	127-128

MALTA FEVER.

Temperature charts, endorsed by Sir William, "My attack of Malta Fever W.B.L."	129
--	-----

TUBERCULOSIS.

Tuberculosis Research, W.B.L. and Dr. Bulloch	130-139
---	---------

MEDICAL RESEARCH COMMITTEES.

	<i>Pages</i>
My suggestions as to Procedure to be followed in connection with Proposals for Medical Research (Sir Almoth Wright) 11 June 1914	140-147
Medical Research Committee: Notes of Meetings, Visits, etc. July 2nd 1913-July 24th 1914	148-178
Rough Notes of suggestions for research	179-184
Notes on Visits made with Lord Loulton	185-189
Report of B.M.A. (Tropical Medicine) Lancet 2 Aug. 1913	190-191
Miscellaneous Notes	192-205

ARMY MEDICAL ADVISORY BOARD.

Agenda for 33rd Meeting, 21st May, 1912	206
---	-----

Also contained in back pocket are:—

- (a) Drawing by W.B.L. made during his experiments on relapsing fever.
- (b) A small envelope containing 24 rather faded photomicrographs of L.D. bodies, spirochaetes, etc., with a pencilled note in W.B.L. hand.

References to Leishman.
